

Tying the knot

Make-up, Nails & Hair Styling
 Popular bridal nails include 3D art with diamantes and bling. Brides-to-be should try at least three hairstyles before deciding on the style for their wedding. For light skin, pinks and peaches should be used. For dark skin natural tones such as bronzes should be used.

The Dress

When choosing a wedding dress make sure the dress suits your figure. An asymmetrical dress is always the safest option as these suit all body types.
 Great Selection of Dresses Available At: **Simri Bridals**

Flowers

Roses are still the most popular flower used in a bridal bouquet. These flowers keep in line with the vintage bride look.
 Arrangement By: **Boksburg Floral & Gift Shop**

Cake

Your wedding cake should be a reflection of your personality, colours and venue, whether your wedding is Victorian or country, we do it all.

Stand a chance of winning one of five makeovers. For more information and to view the bridal guide and photo galleries online.

Suits

Avoid double-breasted jackets and pleated shirts, which add volume. If you have a large waist, consider wearing a waistcoat instead of a cummerbund, since cummerbunds draw attention to the waist, while vests conceal girth.

The Venue

Selecting the location of your reception is the first thing you need to do. If you are going to have it at your ceremony site, this makes planning your reception a lot easier. If you want to have it at a different location, however, you need to decide where and soon.

This enchanting function venue is situated in a wetland. Eight swan species can be found here, as well as flamingoes, peacocks, ducks, geese and 5 crane bird species. Surrounded by lush willow trees, the Blesbok river meanders peacefully in the background, showing a magnificent view from the reception area. This idyllic scene transforms the venue into a heaven. We cater for various functions, including weddings.
